Texwood Group's brands Texwood Apple Jeans and Texwood Menswear provide customers with lines of quality, trendy and comfortable clothing. To protect the health of our staff and customers, we have banned smoking on all our premises and retail outlets for more than 10 years, giving our staff and customers a safe and fresh environment. Currently, less than 7% of our staffs have a smoking habit and we will encourage them to quit and join us to build a smoke-free Hong Kong.
