

無煙大廈 環境清新

Take a deep breathe in a smoke-free building

俊匯中心由啟勝管理服務有限公司負責管理，全力為業戶及員工提供無煙清新的辦公環境。2012年落成的俊匯中心，於建築時期開始已被定為全面禁煙的無煙大廈，包括將戶外花園納入「無煙區」，增添城市的綠色清新空間。為防止後樓梯成為吸煙黑點，大廈管理團隊在每層後樓梯加裝推巴鎖，並在公眾地方張貼自行設計、附有衛生署綜合戒煙熱綫的禁煙標示，而服務處所有員工更佩戴無煙襟章，推廣無煙信息，並向戒煙人士提供香口珠及糖果，協助他們紓緩煙癮。管理團隊亦身體力行，成立控煙小組，鼓勵員工積極戒煙，全面打造無煙環境。

Elite Centre is managed by Kai Shing Management Services Limited and aims to offer a refreshing smoke-free office environment for owners, occupants and staff. Completed in 2012, Elite Centre has been designated as an entire smoke-free building since its construction phase. Its outdoor garden is also a smoke-free area which adds a touch of green to the city. To avoid the rear staircases from becoming a black spot for smoking, the building's management team has installed Detex locks at the rear staircases of each floor. The company also put up specially designed no-smoking signs featuring the Integrated Smoking Cessation Hotline of the Department of Health at public areas. Besides, all staff wear a smoke-free badge to promote smoke-free messages. The company also offers chewing gums and candies for quitters to relieve their addictions. Meanwhile, the management has taken the lead in setting up a tobacco control taskforce to encourage staff to kick the smoking habit and create a smoke-free environment for all.
